Bulgarian (Native)

English (Fluent) German (Fluent)

Spanish (Elementary)

UEFA A Licensed Academy Coach with experience working across U11–U18 in professional and high-performance environments. My coaching is centred on learning from real match situations, using Individual Learning Plans (ILPs), video analysis, and elite reference to support player decision-making and game understanding.

My training sessions are high-intensity and detail-oriented, designed to challenge players technically, tactically, and cognitively while maintaining clarity of learning. I have lived and worked abroad from an early age, moving to a boarding school in Bulgaria at 14 and later coaching internationally, which has shaped my adaptability and resilience in demanding environments.

I have coached within leading academies in the UK and Europe, contributing to the early development of players who have progressed to professional first-team football. Fluent in Bulgarian, English, and German, with conversational Spanish, I bring strong communication skills and cultural awareness to multidisciplinary academy settings.

## Education, Qualifications & Professional Development

Education

University of Strathclyde

BA (Joint Hons) Journalism & Human Resource Management

Graduated 2016

# Professional Experience

## U17 Lead Coach

Greenock Morton FC

2026 - Present

Scotland - Scottish Championship | Elite Academy Environment

- Direct the technical and tactical development of the U17 squad, acting as a key transition point between Youth Development and senior football environments
- Lead Phase Management: Oversee all aspects of the U17 age group, ensuring high-potential players are prepared for progression into senior and first-team pathways
- Design and implement cohesive technical curriculum aligned with first-team philosophy while addressing individual development needs
- Utilize elite European training methodologies refined through internships at FC Barcelona and S.L. Benfica
- Lead integration of GPS performance metrics and advanced video analysis for objective feedback
- Serve as key link within Multidisciplinary Team (MDT), providing regular technical reports on player progression

## Academy Coach (U11-U18)

Hamilton Academical FC

2023 - 2025

Scotland - Scottish Championship | Elite Academy Environment

- Lead coaching delivery across multiple Youth Development Phase age groups within the club's Player Development Model
- Designed and implemented match-based Individual Learning Plans using live match moments and video analysis
- Coached from the game on match days, informing post-match reflection, weekly objectives, and training design
- Designed weekly training cycles influenced by elite European academy methodologies, prioritising representative practice
- Developed and embedded collective behaviours in possession, pressing, and transitions across age phases
- Acted as key MDT contributor, supporting holistic player development and progression planning

### Key Achievements

- ✓ More than 10 players developed or recruited have progressed to first-team debuts
- ✓ Multiple players earned transfers to English academies at age 16
